### Europeans to become negroid mongrels

The man of the future will be a mongrel. Today's races and classes will disappear owing to the disappearing of space, time, and prejudice.

The Eurasian-Negroid race of the future, similar in its outward appearance to the Ancient Egyptians, will replace the diversity of peoples with a diversity of individuals. [22]

Christianity, ethically prepared by the Jewish Essays (John), spiritually prepared by the Jewish Alexandrians (Philo), was regenerated Jewry. Insofar as Europe is Christian, it is in a spiritual sense Jewish, insofar as Europe is moral, it is Jewish.

Almost all of European ethics are rooted in Jewry. All protagonists for a religious or non religious Christian morality, from Augustine to Rousseau, Kant and Tolstoy, were Jews of choice [Wahljuden] in a spiritual sense. Nietzsche is the only non Jew, the only European heathen moralist.

In the East the Chinese people are the ethical par excellence [...] - in the West it is the Jews.

**Coudenhove Kalergi** was not Jewish himself. On his fathers side he was of mixed European descent (Flemish. Czech Hungarian Greek) with lots of nobility.

His mother was a Japanese from an aristocratic family.

He married the 13 year older Jewess Ida Roland [born Ida Klausner] a popular actress with whom he has two sons. Ida Roland died in 1951. In 1952 he married Alexandra Gräfin von Tiele, born Bally. In 1969 he married the Austrian Jewess Melanie Benatzky Hoffmann.

Count R. N. Courdenhove-Kalergi is seen by many as the **father of the modern European Union**. It was him who suggested Beethovens hymn as the EU's national anthem, and was very active in connection with the design of the EU logo which contains 12 stars which symbolize the 12 tribes of Israel. The logo was finalized by the Jew **Paul M.G. Lévi**. [2\)](#)

**Otto von Habsburg** was Coudenhove-Kalergi's successor as president of the Pan European Union. He is a honorary professor of the University of Jerusalem, and recipient of the 'International Humanitarian Award', of the '**Anti Defamation-League**' (ADL) of the Jewish B'nai B'rith Masonery Lodge.

**Coudenhove-Kalergi's father** was a close friend of [Theodor Herzl](#), the founder of **Zionism**

**Richard Nicolaus Coudenhove Kalergi**  
1894-1972

God was the head of state of the ancient Jews, their moral laws civil law, sin was crime.

Through the ages Jewry has remained faithful to the theocratic idea of the identification of politics and ethics: Christianity and Socialism are both attempts to create an earthly paradise. [lit.: a State of God]

Two thousand years ago, the ancient Christians - not the Pharisees and Sadducees - were the revivers of the Mosaic tradition; today it is neither the Zionists nor the Christians, but the Jewish leaders of Socialism: because they wish, with the most exalted unselfishness, to erase the original sin of capitalism, to free the people from injustice, violence and subservience and to change the redeemed world into an earthly paradise. [27]

From **Moses** to **Weininger** ethics have been the main problem for Jewish philosophy.

In this ethical basic attitude to the world lies one origin of the exceptional greatness of the Jewish people - at the same time also the danger that Jews who have forgotten their belief in the ethics sink to become cynical egoists: while people with another mentality - even after losing their ethical attitude - still retain some amount of chivalrous values and prejudices (man of honor, gentleman, cavalier etc.), which protects them from the fall into the abyss of values.

What mainly separates the Jews from the average city dwellers is the fact that they are inbred people.

Strength of character paired with sharpness of the mind predestinates the Jews in their most excellent specimen to become the leaders of urbane humanity, from the false to the genuine spiritual aristocrats to the protagonists of capitalism as well as of the revolution. [28]

Now we stand at the threshold of the third epoch of the new times: Socialism.

Also socialism is supported by the urban class of industrial workers, led by the aristocracy of revolutionary writers.

The influence of the aristocracy by blood, the influence of the aristocracy of the mind is growing.

This development, and with it the chaos of modern politics will only then find its end, when a spiritual aristocracy seizes the means of power of society: [gun] powder, gold, ink, and use them for the blessing of the general public. [32]

## **10. JEWRY FUTURE NOBILITY AND KHASARS**

The main representatives of the corrupt as well as the upright brain aristocracy: of capitalism, journalism and the literate are Jews.

The superiority of their spirit predestines them to become a main factor of the future nobility.

One look at the history of the Jewish people explains its lead in the struggle over the governance of humanity. For two thousand years Jewry was a religious community, made up of ethical and religious predisposed individuals from all nations of the classical cultural area, with a national Hebrew centre in Palestine..

Already at that time the common connecting and primary was not the nation, but the religion. In the course of the first millennium of our calendar proselytes from all peoples entered this denomination [religious sect] not least the king, nobility and the people of the Mongolian Khasars, the masters of southern Russia.

Only from then on the Jewish religious community joined itself in an artificial nation and closed itself off from all remaining peoples.

Through unspeakable persecutions throughout a millennium Christian Europe tries to exterminate the Jewish people.

The result was, that all Jews, who were of weak-willed, opportunistic or skeptical let themselves be baptized, in order to escape the torment of endless persecution.

On the other hand all Jews who were not skilled, clever and creative enough to survive this struggle for their existence under these many times harder conditions of life succumbed.

Thus in the end from all these persecutions arose a small community, shaped by a heroically endured martyrdom for the idea and cleansed of all weak-willed elements and poverty of mind.

Instead of destroying Jewry, Europe, against its own will, refined and educated this people into a future leader-nation through this artificial selection process.

No wonder that this people, that escaped Ghetto-Prison, developed into a

spiritual nobility of Europe.

### **A new Noble Race by the Grace of the Spirit**

Therefore a gracious Providence provided Europe with a new race of nobility through spiritual grace.

This happened at the moment when Europe's feudal aristocracy became dilapidated, and thanks to Jewish emancipation.

The first typical representative of this becoming future nobility was the noble-Jew [Edeljude] LaSalle who combines to a high degree physical beauty with nobility of mind and sharpness of the spirit: Aristocrat in the highest and truest sense of the word, he was a born leader and signpost of his time.

The Jewish heroes and martyrs of the Eastern and Middle European Revolution are in no way inferior to the non Jewish heroes of the World War in courage, perseverance and idealism - while they surpass the latter many times in spirit. [50]

With these two attempts to redemption of a spiritual-moral origin, Jewry has bestowed a greater gift on to the disinherited masses of Europe than any other people.

How modern Jewry also surpasses all other peoples in percentage of important men: scarcely one century after its liberation this small people stands with Einstein at the frontrunner of modern science; with Mahler as the frontrunner of modern music, with Bergson as a frontrunner of modern philosophy, with Trotsky as the frontrunner of modern politics. [51]

### **Hateful jealous Europeans...**

The prominent position held by Jewry these days is owed to its spiritual supremacy which enables it to win the spiritual battle over enormous superior numbers of favored, hateful, jealous rivals.

Modern anti-Semitism is one of the many reactionary phenomenons of the mediocre against the supreme; it is a new form of ostracism applied against a whole people. [ostracize = exclude]

### **Inferior majorities, high quality minorities**

As a people Jewry experiences the eternal struggle of quantity against quality, inferior groups against high quality individuals, inferior majorities against superior minorities.

The main roots of anti-Semitism are limitedness and envy: limitedness in the religious or the scientific; envy in the spiritual or financial realm.

Because they sprung from an international religious community and not from

a local race, the Jews are the people with the most mixed blood; because they have closed themselves off against the other peoples for a millennium, they are also the most inbred.

Not only tomorrow's revolutionary spiritual aristocracy - also today's plutocratic black marketeer-Kakistocracy [Kakistocracy = government by the worst] is mainly recruited from Jews: and thus sharpens the agitatory weapons of anti-Semitism.

Thousands of years of slavery have bereft the Jews, with rare exceptions, of the gestures of the member of the master race [Herrenmenschen].

Perpetual repression inhibits the development of the personality: and thereby takes away one of the main elements of the esthetic ideals of nobility.

A large part of Jewry suffers physically as well as psychologically from this deficiency; this shortcoming is one of the main reasons that the European instinct refuses to accept Jewry as a race of nobility.

The resentment with which the suppression has burdened Jewry, gives it much vital tension, but bereaves it of much noble harmony.

Excessive inbreeding, in connection with the ghetto past was the cause of many traits of physical and psychological decadence.

What the head of the Jews won, their bodies often lost; what their

## Germany Must Perish - The Kaufman Plan

A plan similar to Kaufman's was issued during the war years by a prominent American anthropologist. In an article headlined "Breed War Strain Out of Germans" in the New York daily newspaper P.M., January 4, 1943, Ernest Hooton laid out an "outbreeding" plan that would "destroy German nationalism and aggressive ideology while retaining and perpetuating desirable German biological and sociological capacities." (See also: Benjamin Colby, 'Twas a Famous Victory, 1974, p. 131.)

The Harvard University professor's proposal called for genetically transforming the German nation by encouraging mating of German women with non-German men, who would be brought into the country in large numbers, and of German men, forcibly held outside of Germany, with non-German women.

Ten to twelve million German men would be assigned to forced labor under Allied supervision in countries outside of Germany to rebuild their economies. "The objects of this measure," wrote Dr. Hooton, "include reduction of the birthrate of 'pure' Germans, neutralization of German aggressiveness by outbreeding and denationalization of indoctrinated individuals."

This plan, Hooton estimated, would require at least 20 years to be implemented. "During this period," he went on, "encourage also the immigration and settlement in the German states of non-German nationals, especially males." More: [Germany Must Perish](#)

brains won their nervous systems lost.

Thus Jewry suffers from a hypertrophy<sup>1)</sup> of the brain which is in opposition to the demands of nobility and the harmonic development of the personality.

The physical and nervous weakness of many spiritually excellent Jews shows a lack of physical courage (often in connection with the highest form of moral courage) and insecurity in performance, qualities which today seem incompatible with the chivalrous ideal of aristocratic people. [53]

### **Noble Master Race damaged by Slave People**

So much has the spiritual Master Race of the Jews suffered under the traits of the slave people that have impressed him in his historical development: still today many leading Jewish personalities carry the posture and gestures of the un-free repressed person.

In their gestures descended aristocrats are often nobler than excellent Jews. These shortcomings of Jewry, originated because of the development, will again vanish because of development.

The adaptation to country style [Rustikalisierung] (a main objective of Zionism), together with sporty upbringing, will free Jewry of the ghetto rest it still carries within itself.

That this is possible is proved by the development of American Jewry. The actual freedom and power that Jewry has attained will gradually make the consciousness of those, the consciousness gradually following the posture and gestures of the free, powerful people.

Not only Jewry will move in the direction of the Western aristocratic ideals - also the Western aristocratic ideal will experience a transformation which will meet Jewry half way.

In a more peaceful future Europe the aristocracy will strip off its warlike character and exchange it with a spiritual - priestly ditto.

A pacified and socialized Occident will no longer need masters and rulers, - only leaders, educators, examples. [54]

Europe has been conquered religiously by Jews, - military by the Germanics: In Asia the religions of India and Arabia were victorious, while their supreme political power is Japan.

### Coudenhove-Kalergi in his autobiography:

"At the beginning of 1924, we received a call from Baron **Louis de Rothschild**; one of his friends, [Max Warburg](#) from Hamburg, had read my book and wanted to get to know us.

To my great surprise, Warburg spontaneously offered us 60,000 gold marks, to tide the movement over for its first three years ....

Max Warburg, who was one of the most distinguished and wisest men that I have ever come into contact with, had a principle of financing these movements.

He remained sincerely interested in Pan-Europe for his entire life.

Max Warburg arranged his 1925 trip to the United States to introduce me to [Paul Warburg](#) and financier [Bernard Baruch](#)."

Finance theorist **Ludwig von Mises**

The family of (Samuel Moses) **Del Branco** in 1559 moved from Italy to Germany taking the name **Warburg**. In 1798, the family founded the bank of M. M. Warburg & Co. **Paul Warburg** was a German immigrant arriving in America together with his brother **Felix**. Both brothers, who were Illuminati and also member of **B'nai B'rith**, became partners of the banking house **Kuhn, Loeb & Co.**

The well-known freemason **James Paul Warburg** said before the US Senate on 17 February 1950: "**We shall have World Government**, whether we like it or not. The only question is whether World Government **will be achieved by conquest or consent**."

Paul Warburg was married to **Nina Loeb**, daughter of the banker **Salomon Loeb**. Kuhn, Loeb & Co., of the most influential finance company in the United States in the early 1900s. Paul's brother Felix Warburg was married to **Frieda Schiff**, whose father was the notorious [Jacob Schiff](#). Schiff, **a leading Zionist**, was the principal owner of Kuhn, Loeb & Co. He had helped finance **Lev Trotsky** when the bolsheviks seized power. Prior to that, he had helped **Alexander Kerensky** (Aron Kiirbis) to power. Jacob Schiff had further ordered Lenin to execute the tsar family, as demonstrated by the telegram he sent to Lenin.

(supported by a grant from the **Rockefeller Foundation**) also participated in Coudenhove-Kalergi's Pan-European Movement.

Later von Mises disciples **Arthur Burns** and **Milton Friedman** spread von Mises ideas through a network of secret 'conservative' think tanks, led by the **Mont Pelerin Society**. (More [here](#))
