The future of the world, presented to the world in four images that are understandable to the most intelligent and educated individuals who are knowledgeable about everything and more

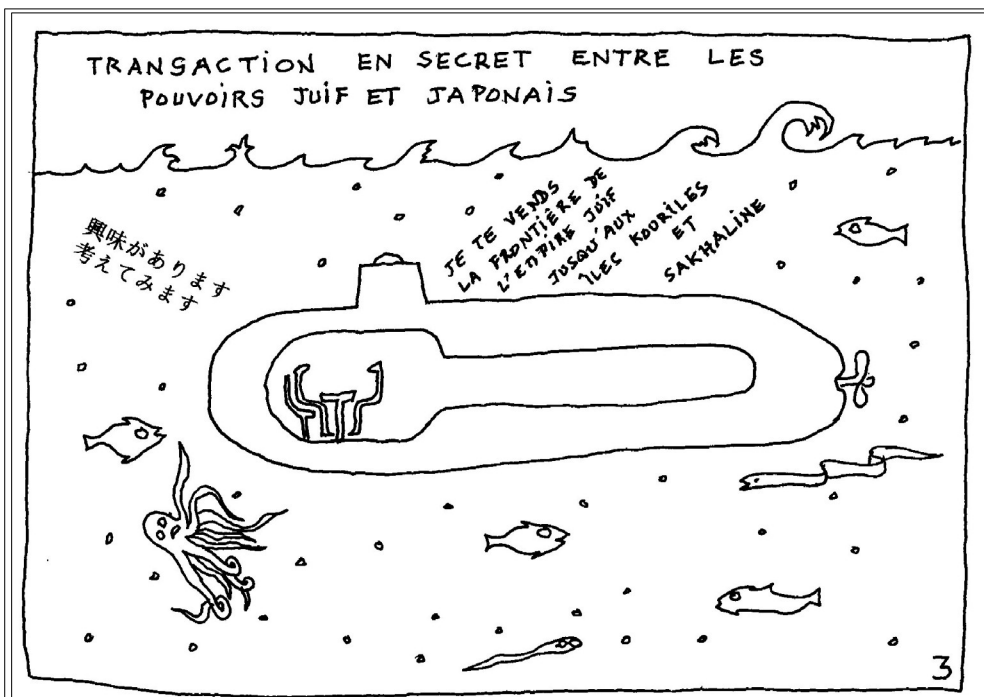

High-level deals between Trump and Putin and between Jewish and Chinese powers

I'll sell you the destruction of Russia, the US, and Europe in exchange for Greater Israel + ancient Khazaria + Cyprus + Argentina + the City + Nice + a Holocaust museum in Beijing and a bowl of noodle soup

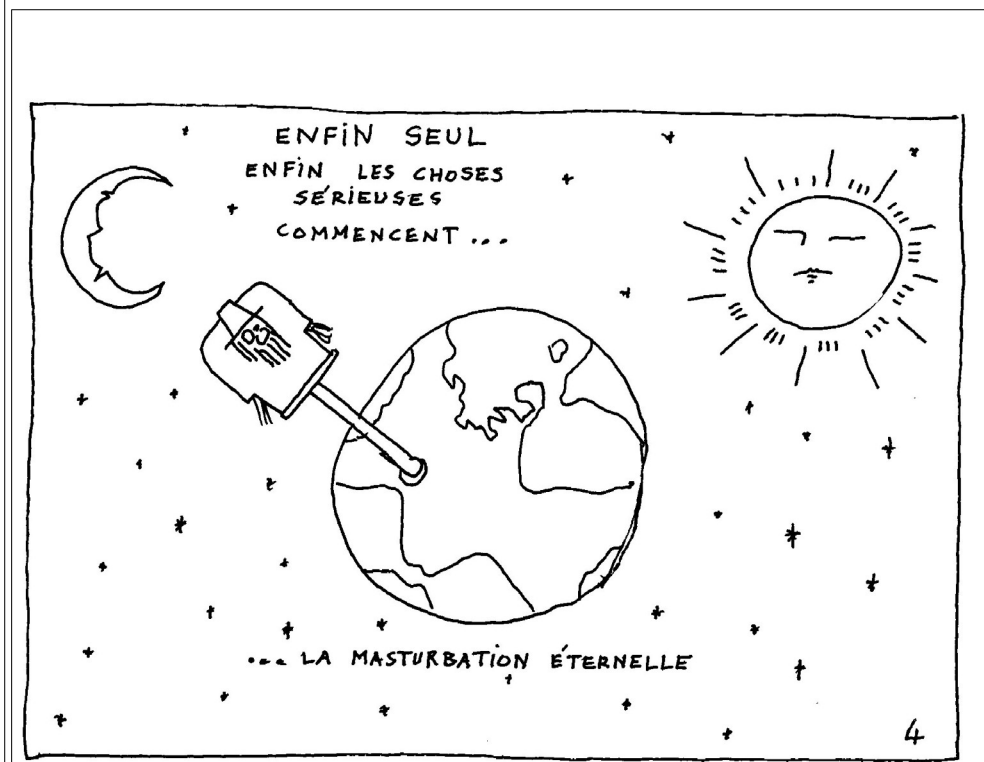

Secret deal between Jewish and Indian powers

I'll sell you the destruction of China in exchange for the borders of the Jewish global empire from the Nile to Kashmir and the Himalayas

Secret deal between Jewish and Japanese powers  
I'll sell you the border of the Jewish Empire up to the Kuril Islands and Sakhalin

Finally alone  
Finally, things are getting serious...  
Eternal masturbation
